

HD TV-at-Sea

Sea Tel® Coastal 14

*The 14" Antenna
that is
HD-Ready*

When the going gets rough, Sea Tel® keeps going

Sea Tel®
Look to the Leader. Look to Sea Tel.

The Sea Tel® Coastal 14 antenna features Hi-Definition reception that sets this compact antenna apart from anything in its class. Now smaller yachts can enjoy HD-TV at Sea. Don't settle for less when you can have all you want with the amazing *new C14*.

The Coastal 14 is small in size, but big on features with Sea Tel's superior quality and performance in satellite HD-TV at Sea.

- Higher antenna efficiency, offering a greater range of reception further offshore and stronger signal strength than the competition.
- Small, attractive white radome.
- High-performance stabilization and satellite tracking even in inclement weather.
- Built-In GPS for fast satellite acquisitions.
- DVB (Digital Video Broadcasting) signal identification.
- Sea Tel's proprietary antenna control and fast-track signal lock software.
- North American programming & digital music channels.
- Supports single receiver with two or more TV's.
- Robust design using alloy steel bearings for pounding sea conditions providing sustained performance and reliability.
- Easy-to-install dome with 2-year warranty on parts; 1-year labor.

• *HD Ready*

Make every voyage
even more entertaining
with hundreds of
channels of TV, all HD
channels, and digital
music available
anytime you like.

**HD
READY**

Coastal 14 - a compact 14" dish that is perfect for small yachts, with a wide coverage range while maintaining a compact size. Unlike the competition, the Sea Tel C14 features the ability to capture High-Definition programming and works with your HD receiver, with a classic, clean design and built-in GPS for fast satellite acquisition.
