Sea Tel®
Look to the Leader. Look to Sea Tel.
Sea Tel® Coastal Series antennas feature improved performance that sets this smaller series apart from the competition. The 24 and 30 series design allows for easy and inexpensive conversion between satellite carriers and world regions.

The Coastal Series is small in size, but big on features with Sea Tel’s superior quality and performance in satellite television at sea.

• Three easy-to-install models, all offering a greater range of reception and stronger signal strength than the competition.
• Small, attractive all-white radomes.
• High-performance stabilization and satellite tracking even in inclement weather.
• Built-In GPS for fast satellite acquisitions.
• DVB (Digital Video Broadcasting) signal identification.
• Sea Tel’s proprietary antenna control and fast-track signal lock software.
• Coastal 24 and Coastal 30 antennas feature a new LNB connection that make conversion easy and inexpensive for vessels traveling between different world regions.
• Global Programming, and digital music channels.
• Supports multiple television configurations.
• 2-year warranty on parts; 1-year labor.
• Ready for multiple satellite selection.
• HD ready

Make every voyage even more entertaining with hundreds of channels of TV programs and digital music available anytime you like.

Coastal 18 - a compact 18” dish that is perfect for small yachts, with a wide coverage range while maintaining a compact size. It features enhanced reception that rivals most 24” systems, with a classic, clean design and built-in GPS for fast satellite acquisition.

Coastal 24 - a 24” dish for those requiring more extensive coverage. The Coastal 24 provides mariners with a tremendous range and stronger signal reception in inclement weather. Features easy and affordable LNB conversion between world regions.

Coastal 30 - a 30” dish that allows reception further offshore, and even better coverage in bad weather. The Coastal 30 also features easy and affordable LNB conversion between world regions.

Find the Coastal 18, Coastal 24, or Coastal 30 at your local SeaTel dealer.
