

## Linear Polarization

We offer a k-band satellite communications microwave network, the product has an excellent characteristics.

Application:

- Orthogonal polarizations
- Low insertion loss
- excellent polarization isolation

Technical Specifications:

Tx channel(vertical polartion) 12.5~13GHZ Rx Channel(horizontal polartion) 14.25~14.75GHZ

VSWR(dB) <1.3 Passband isolations >85dB Passband insertion loss <0.6dB

Mechanical Specifications:

Size(mm) 130\*170\*83
